We Capture The Essence Of You

Who are we?

We're a couple that loves taking pictures!

We started our photographic journey on the streets of Newcastle. Walking around and capturing magical moments that we'd observe around us. We realized that if we took this style and applied it to wedding photography, we could create some unique memories for our clients.

If you're looking for naturalistic, candid style pictures of your big day, then we're the right photographers for you!

What do we offer?

Photography

Style: Unique, candid, and naturalistic pictures of you and your guests!

Format: Digital or Film Photography available.

Coverage: With two of us there, we're able to get all those little moments as well as the big main memories.

Online Gallery

We send the finished version of the photos to you via an Online Gallery. Through this, everyone can access it and download their favourite pictures. Additionally, anyone can buy a framed picture or a print via this website.

Photo Album / Prints Boxes

In addition to the photography, you can choose to get a beautiful album of the best photos of the day or alternatively a cute box filled with your favourite moments.

This would be an extra to the price of the photography.

We can show you all of our samples and you get to choose the type of album, cover material, paper, colours and more.

Photography

Price

Guess what? We're budget friendly! We want to make wedding photography accessible for everyone, no matter how small your wedding is.

Below we set out an approximate price depending on what you want. However, these are not set in stone! If you've got a lower budget, we'll work out what we can do for you.

Hours	Description	Price (approx)
	We'll be there from when you start getting ready, all through to the first dance.	
All day → 12+ hours	We can also stay throughout the night if you'd like to capture your guests on the dance floor!	£800 - £1000
	All we require is a 1 hour break. 30min for lunch and 30min for dinner.	
	Maybe you don't really want a photographer around all day.	
Half day → 5-10 hours	We can be there in the morning for you getting ready + the ceremony. And then come back when you're ready to hit the dance floor!	£500 - £700
	Only interested in getting that big kiss on camera? Maybe you just want the classic main moments captured? Not too worry, we can adapt to that too!	
Specific moments → Less than 4 hours		£325

There are a few additional things we need to know before setting a price:

- How long will the wedding be?
- How long do you want us there for?
- What is the schedule of the day?
- Is it in one or multiple locations?
- Any other details about how the day will look like.

What if you want the whole day captured but you're having a low-scale wedding?

We know that not everybody wants a big traditional wedding. But this doesn't mean you shouldn't get the same quality of pictures. Everyone deserves beautiful memories to look back on.

This is why we don't have a set price.

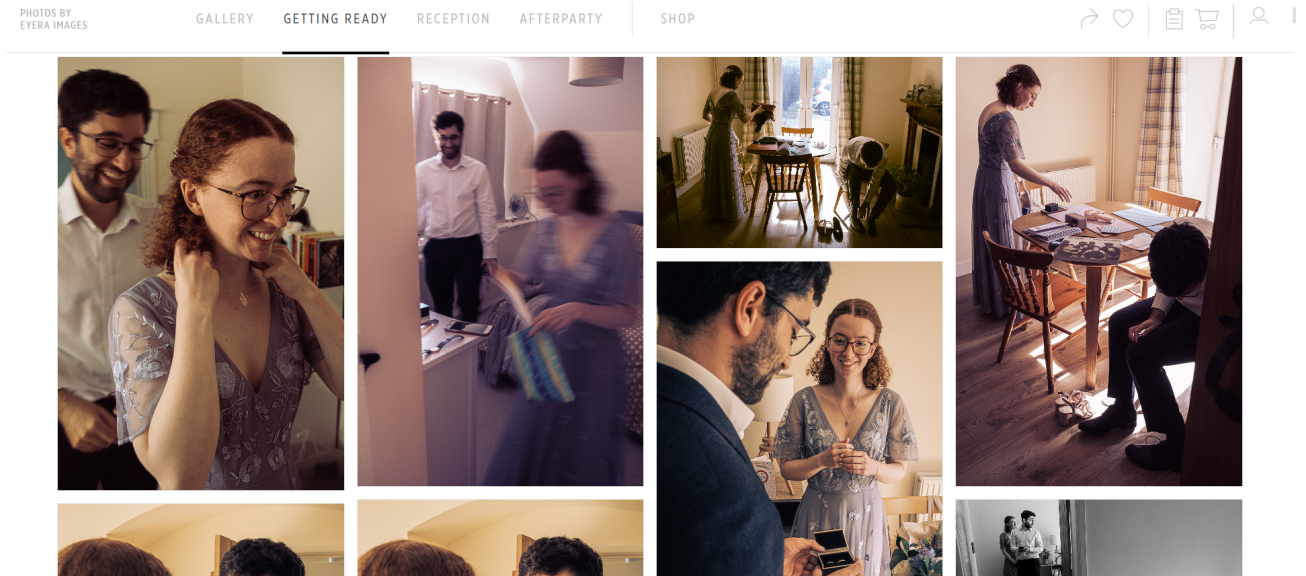

Let us know what your budget is and we'll discuss how we can adapt to it.

Additional important information

- We don't promise a certain amount of photos, no matter what option you end up choosing. Our main reason is that we don't want to hold back on the day just because you only paid for X number of photos. We will take as many as we can and send you ALL the best hits.
- A deposit of £100 of the final price is required to book us for your day and will go towards paying the total cost. This will be non-refundable if you cancel. If you need to reschedule you don't need to pay the deposit again.
- We do not offer RAWs. We carefully select and edit every photo and send you the best of the night. RAWs are very large files and not edited. They won't show your day as you want them to, and most likely, you'll have nowhere to store them due to the large amount of space they take. We sometimes take around 2000 or more photos each but maybe 500 only make the cut. Trust us, 4000 photos in RAW will be a nightmare for us to send and for you to have.

Online Gallery

What does it look like?

The Online Gallery will be separated into sections depending on the schedule of the day. That way everything will be easy to find, we know all the guests will want to go check those photos they were in!

Additionally, in the shop section, everyone will have the option to buy different products with their favourite pictures. Including albums, prints, calendars, print boxes, and more. We don't make these ourselves, but are a good option for guests wanting a little extra to remember the day by.
